ABOUT US

Our staff, having worked in the sector since 2003, started to offer services under the name AKN Reklam in 2007. We have been expanding our field of operation with our meticulously selected contractor partners who are attuned to our corporate principles of working in order to give a more comprehensive and turnkey service in response to our customers' needs and demands such as advertisement, promotion, visual presentation.

The visual representation of your products and services has the first word and your customer has the last!!!!

Our company provides you with a variety of quality visual presentation products, at optimum cost and within the shortest project delivery time possible, so that you can offer your products and services to your customers in the most effective manner and in line with your corporate objectives.

We are powered by; our ability to offer you a select but wide range of products and services in a short time and with competitive prices and to tackle with the projects successfully, thanks to our business partners and our experienced staff in the offices in China and İstanbul.

Our Primary Goal; is to be your business partner that offers a quality and continuous support for your advertisement, promotion and subcontractors needs in order to help your company make a difference in the eyes of your customers and stand out from among your rivals in the highly competitive sectors where you operate.

Our Principles of Working;

- We know that boosting the profitability and persistence of our customer means ensuring the profitability and persistence of our company.
- We aim to create satisfied customers and a permanent portfolio with uninterrupted and quality service both pre- and post-sales.
- Giving flexible, solution-oriented and creative services depending on customers' needs
